

CAPABILITIES STATEMENT

ABOUT PHASE II

Founded in 2016, and headquartered in Quantico, Virginia, Phase II is an SBA and CVE Verified Service-Disabled Veteran-Owned Small Business (SDVOSB). A hybrid business, we provide cleared, certified and experienced Program/Project Management, Cyber/IT

Technical Support Services, Training Development and Training Services, and Integrated Logistics Management and Support Services. Phase II also works with developers of innovative solutions to solve critical problems. Our products include Biometric (FIDO2 certified) Identity and Access Control solutions, extremely portable 5G/Wifi communications kits, network understanding and cybersecurity tools, and electro-magnetic interference protective enclosures for critical communications systems. All of our products are US-made. Phase II is the partner you want to ensure mission success today and in the future.

CORE CAPABILITIES:

- ▶ **Cyber/IA Governance**
Phase II provides High Value Asset Assessment & Authorization (A&A), Risk Management Framework (RMF), Policy Management & Development, and Compliance / Risk Management.
- ▶ **Identity and Access Management Services**
Phase II serves as a value-added reseller and solutions provider for commercially proven, best-in-breed technologies including our biometric access credential, Sentinel (by Sentry) and SurePassID. Absolute Identity to support Absolute (Zero) Trust. Stay tuned for our Device and Network Transport Authentication Solutions!
- ▶ **System Integration, Training, and Field Service Support** Phase II provides ready-to-deploy systems integrators, trainers, and technicians capable of mastering any technology including Land Mobile Radio (LMR), Wireless/Wifi, Satellite Communications, Line of Sight/Beyond Line of Sight (LOS/BLOS) microwave, Inside/Outside Plant, and more. DoD 8570 IT Certification Instructors.
- ▶ **Systems Engineering and Technical Assistance (SETA)**
Phase II provides SETA services to include Network Engineers, System Engineers, Information Security Engineers, Testing Engineers, System Administrators, and Software Engineers.
- ▶ **Professional Services**
Phase II provides experts in Planning, Programming, Budgeting, and Execution (PPBES), Requirements Development (JCIDS), Business Process Improvement, Leadership Development, Acquisition Support, and Administrative Services.
- ▶ **Network Enumeration and Moving Target Defense**
Phase II, as a value-added reseller for Ridgeback Network Defense, offers a proven commercial tool to see, know, and protect your network(s).

CONTRACTING AVENUES

We pride ourselves on being a trustworthy, value-added teammate. We are constantly seeking partnering (subcontract) opportunities to develop our past performance but more importantly, we look for mission-partners (primes and employees) who share our Values and Warrior ethos. We invest in people, fostering a culture of Mission-Focused, Service-Minded living - personally and professionally.

When Secure Communications and Executive Travel Intersect

Phase II offers the Portable Communications Kit – Lite (PCK-L)

Small form factor, carry-around concealed.

Specifications

Firewall throughput:

940Mbps

Wireless Connectivity:

5G and Global - 4G and Regional - CAT 20 LTE

LAN Connectivity: Wi-Fi 6, GbE, Bluetooth 5.2

Management: NetCloud

Wi-Fi: Dual-band, dual concurrent; 802.11ax (Wi-Fi 6)

Modem Support (RX-30-MC): Single Modem, 2 SIM Slots

Add-on Options for Licensing:

Ridgeback -Ridgeback observes and responds to live endpoint attempts to contact unassigned IP addresses in the network. Attempts to contact non-existent devices are (i) indicators of compromise and an attack in progress or (ii) indicators of faulty configurations impacting productivity and increasing the ease with which attackers can achieve exploitation goals.

STUN - When coupled with SCATR's Secure Transit thru Untrusted Network (STUN) software, PCK-L provides true diversification of transport through a patented data obfuscation technology allowing users to utilize commercial communication infrastructure without drawing undue attention.
